Signature X _____ Date _____
By signing, I acknowledge I have read and understand the policies below.

Consultation Policy: First one hour consultation is free. Additional consultations are \$75/hour or any part of, and will credited if wig is purchased.

Payment Policy: 50% deposit is required to order a halo. The balance due will be processed in full, 30 days from date of purchase.

Return Policy: If for any reason you are not satisfied you will receive full amount paid to a Store Credit Only or in Salon gift Certificate applicable for wigs and hair services.

Service Policy: I understand my halo is delicate and requires daily maintenance. Life expectancy of a well-maintained halo is 6-12 months with moderate wear. I understand I will receive one free halo styling & washing lesson. If I forgo my free lesson, fail to follow the instructions, use unauthorized products or get my halo serviced by a 3rd-party, I will not hold HairPlaceNYC, ADWigs, GetITBack or its stylists responsible for any wig damage, hair loss, tears, undesirable color, unmanageable style or the like.

Wig Blow Dry: Buy 10, Get 2 FREE | Short Wigs (3-8"): \$50 | Medium (9-14"): \$60 | Long (16-24"): \$70 Only on wigs purchased.

To maintain the longevity of your wig, wash it approximately every 15 wears and treat it as a delicate garment.

View these instructions online at: ADwigs.com/halo

Step 1 (Prepare)	Gently brush your hair system with a wide-tooth comb or brush starting at the ends working your way slowly up the hair shaft to the root area before getting your hair wet.
Step 2 (Wash)	Human Hair: Gently mix 2 capfuls of Shampoo in warm water until sudsy.
Step 3 (Swish)	To decrease matting, DO NOT drop halo into the water or rub/twist the hair. Hold the halo gently and swish it back and forth in water so the hair doesn't tangle or knot.
Step 4 (Rinse)	Use warm water (for human hair). Hold wig and swish hair repeatedly until the product is completely rinsed. Use a towel to blot hair dry. Do not rub, brush or comb.
Step 5 (Condition)	Human Hair: Place halo on a towel. Apply Conditioner to ends with wide-tooth comb, continuing up the hair shaft to within 2" of the scalp. Rinse repeatedly until conditioner is rinsed completely. CAUTION: Too much conditioner on root area may make knots slip. Rinse thoroughly.
Step 6 (Dry)	Towel blot dry hair (do not wring or twist). Place halo on stand. Let air dry to maintain the soft touch and shine.
Step 7 (Style)	Human Hair: Once hair is thoroughly dry, use HairPlaceNYC Thermal Spray to protect the hair from heat (blow dryer, flat, or curling iron) and style it just like your own hair. You can apply desired hair products, wig shines, hair sprays, and gels, but remember: Less is more.
Putting wig on securely	Apply Halo Application: Hold halo upside down from nape area with both thumbs on either side of rear label. Raise wig up to head as if trying to hook the front of wig onto your eyebrows. Gently pull halo over the top of your head and release. Adjust hairline height by placing 4 fingers across forehead, up from brow bone. Adjust left and right sides until level. Apply favorite hat.
